The New Year Bash

What do you need in a bash for making it an excellent one? Good food, amazing games and friends! This New Year Eve was a wonderful one with a fusion of all the three. An enthralling Fun Fair was organized by the Commerce Department. Their efforts made our New Year bash a successful one. A whole lot of new and interesting games were set up which had us on our toes.

Dinner was organized on the lawns in front of the Assembly Hall. There was an array of many mouthwatering and nutritious eatables which both the students and the teachers relished. This was followed by "Antaksharai" in which all the students participated enthusiastically. Excitement loomed large as the "Antakshari Night" lifted up the audience to the skies. Each and every person including the teachers enjoyed the programme.

Time flew past while enjoying this evening and was realized by none of us. We thank the students and the staff of the Commerce Department for making the New Year Eve a special one.

A Journey to the Wilderness - The Bandhavgarh Trip

We the class V departed from Jalgaon on the 19th of November on a trip to Bandhavgarh. First day was fun. We stayed in a hotel where there was a big swimming pool. As soon as we saw it we felt the instant desire to swim. To our great joy Parvathi Akka allowed us to enjoy swimming in the pool.

Pravin Sir was our guide for the trip. He took us on a jungle safari. Standing on a jeep and seeing the scenes of the jungle was awesome. We saw a tigress named Patia.

At dinner, Pravin Sir showed us a video clipping on wildlife from which we learnt a lot about the life in jungle. We enthusiastically participated in the quiz. We also saw some venomous snakes like coral snake, rustle viper and so on. He also told us interesting facts about snakes. We thoroughly enjoyed our trip with Parashuram sir and Parvathi akka.

A Trip to Japan

Our school was invited by the Wakayama Prefecture Government to represent India in the Asian and Oceanian High School Students Forum held from 3rd Nov to 8th Nov at Wakayama, Japan. I was chosen to represent the school and was accompanied by Pooja Akka.

The forum was a unique opportunity to interact and exchange notes on various global, cultural and social issues through discussions and presentations by the student delegates from 22 countries around the world. Our school's presentation was on disaster management which was appreciated by the audience.

This definitely turned out to be a great learning experience for the Anubhuti team, for it gave us a first-hand experience about the culture of the disciplined Japanese.

Smart Work

"MAGGIE is back and safe to eat," these were the words said by Mr. Venkat Prahalad, who visited us on the 30th of November. He is an entrepreneur from Karnataka who runs a corporate consultancy. He shared episodes from his childhood days to let us know that one need not be an extraordinary student to become successful in life. His mantra for success is to choose smart work over hard work. He also gave us brilliant tips on startups for a good business. The way he interacted with us was what I liked the most.

-AWDESH CHANDAK, Grade 8

A Spiritual Morning

We really felt blessed to have amongst us the Jain Sadhwis on the 2nd of December. They addressed the students giving an insight into the four core principles of Jainism, namely - Ahinsa, Satya, Aparigraha and Anekanta. They explained why they wore only white clothes, covered their faces with a cloth and walked barefoot. They also shared with us how a student should lead his life in a meaningful way. The acronym they gave for the word 'student' was interesting. They said S for Simple Life, T for Truthful Life, U for Useful, D for Divine, E for Without Ego, N for Noble Thoughts and T, To be at the Top.

The melodious 'bhajan' sung by the Sadhwi left all of us spellbound and most of us kept humming it throughout the day.

An Exhilarating Experience at Imagica

Our trip to Imagica started on the 19th of November. We the Class VI boarded the train from Bhusaval station and reached Pune at around ten in the morning. The students of Class 10 will take over the duty from 8th of January till 28th of January.

Motivating Season

"Man is remembered not by the steps he takes but by the footsteps he leaves behind" were the words of Mr. Sanjay Shah, a motivational speaker, with whom we had a wonderful interaction. It started with the subject of Health - Physical, Mental and Spiritual and was followed by a video presentation about the beauty of the earth on which we live. It further continued with the introspection into the lives of some people who were lacking something or the other that a normal person possesses. But with their self-confidence, grit and determination they have proved that nothing is impossible. The interaction left our minds with some food for thought which was worth it.

-Sristhi Chandak and Ashwini Sonawne, Grade 9

Fruits of Hard Work

"Practice doesn't make perfect but it reduces imperfection". One can achieve greatness only through an enormous amount of hard work. Rigorous practice along with sustained efforts are the pillars of success. We understood these wise sayings when we as a school came together as one to put up the Founder's Day program.

Like every year, this was no different as it was a successful event for the school and students. The teachers worked hard to bring out the best in the children. The students lived up to the expectations of the teachers and put up a good show.

As we bid good bye to our Founder's Day, our Class 10 and Class 12 friends are preparing for the mock examinations. We would like to extend our good wishes to them. We know that it is time for you to roll up your sleeves and bring out your best. All you need is a few teaspoons of self-confidence and a lot of hard work.
