

Sneak Peek

Vol. 5 | Issue 8 | 7th March 2016

"The beauty of life lies in taking challenges head-on and transforming them into opportunities."-Bhavarlal Jain

The Mentor, the Trail

This happened
eight years ago,
Crying and pleading
I chose Anubhuti
Though away from my father,
Who knew that I would meet my Dadaji?
With a torch of flame
He lit our life
we the travellers (students) of life,
Knowing not what to do
Felt his heart of gold,
we were lucky.
He said, "Many years hence you shall be
the torch bearers flaming through the
wilderness of life."
I was lucky,
For I had him to guide me.
To show me the right from the wrong.
There are many hearts
who sought refuge in him
in his words and in his deeds.
I can proudly say ,
He mentored me, thousands like me..
His good soul now with God,
Oh! How fortunate of God
Now happiness in heaven will turn in to bliss
That heaven is blessed with him,
He left my world better than he found it.
Such was he, a sun not a torch.

- Prasad Suryavanshi, Class 12

I see him everyday

Not many like me.
But I know that a person who loved me,
gave a big smile everytime I met him
He worked very hard.
had a great personality in India
He always thought about others
He always remembered many little things
He always said that leave the world better than
you found it.
He is our Dadaji.
He left us
I felt sad and cried a lot
I still think about him
Every little thing in Anubhuti I see ,
I see him everyday
I see his dream
His dream we will try to live
Then he will be with us for ever.

- Piyush Zope , Class 6

Dadaji

a man for whom work was life
even a single minute in his hand
he would utilize to the optimum
continuously reminded us of our strengths
and ways to overcome our weaknesses
had solutions to each and every question
Being a part of his extended family,
we feel blessed.

- Priyesh Mutha and Ishant B., Class 9

A Visit to the Land of Tea and Spices - Kerala

On the 25th of February, we the girls of class 9 and 11 were very excited to go for an excursion to Kerala, especially together for the first time, but since we lost our beloved 'Dadaji' the same day when we were to depart, we departed with a heavy heart.

We started our journey by bus from our school and reached Bhusaval in two hours. Then we boarded our train from Bhusaval and it was a fun filled thirty-six hour journey. After one and half days, we reached our destination, Kerala.

The Marine Drive at Cochin was the first place we visited before we proceeded to Munnar. We witnessed a unique way of fishing i.e with a Chinese net at the Marine Drive. Before we moved towards Munnar we stopped for lunch. After eating the tasteless food in the train, the food at the restaurant tasted heavenly that afternoon. We visited the Spice Garden and stopped to view the beautiful waterfalls enroute to Munnar. The sight of a waterfall which we saw on the way to Munnar left us breathless. As we left this scenic beauty we came across a chocolate shop from where we bought boxes of chocolates and relished some fruit juice at a juice shop. At our next destination, Munnar, we visited two beautiful locations, the Echo Point and the Rose Garden. Next we visited a tea factory, in the midst of the woods and there we saw how they processed tea leaves. That night was fun as we had a DJ party for two hours.

Our next destination was Thekkedy. We travelled for about five hours to reach Thekkedy. We enjoyed the elephant ride and acquired a lot of knowledge about the life of the elephants. After that we went to see the famous Kathakali dance and were enthralled by the performance. After having travelled for the entire day, we were excited to go to the resort which was on the outskirts of Thekkedy. The beauty of the resort and the sumptuous food really calmed our spirits.

The next day we departed early for Alleppy, the last destination of the excursion. It was great fun enjoying the scenic beauty and there we met our teacher, Krishna Kumar Sir. After meeting him we went for boating and watched the waves lapping the sea shores and witnessed the sunset which was enchanting. Soon it was time to move back to our hotel. Since it was our last night out together, we were awake till late visiting each other and singing songs.

The next morning we left the hotel after breakfast as we had to reach Cochin to board the train back to Bhusaval. We felt sad as our trip was coming to an end but we knew that we will always cherish the memories of the time we spent together. We thank our teachers Neerja Akka and Parvati Akka with whom we enjoyed and who made this trip really memorable for us.

- Somya Ramani, Class 9

Days to remember- a trip to Nainital

Our trip to Nainital started on a sad note as our dear Dadaji had left us just the previous day but we somehow managed to gather our strenghts as Dadaji would never like to see his children sad.

We went through a mixed feeling of sorrow and joy as we travelled to Delhi by train on the 26th of February. Delhi is famous for its parathagalli and we had lunch in Delhi's famous parathagalli on the first day. On the bus journey towards Ramnagar. We went on a jungle safari, we enjoyed a lot. Following the jungle safari, we moved towards Nainital- a hill station. We stayed in The Fair Light Trail camp for four days. There we split into three groups. The next day we participated in many team building activities, like, Step On, Trust Fall, Land Mine and Spider Web. In the evening, we went for night trek to the Naina peak, the highest point in Nainital. These activities were organized to create a spirit of team work in our minds. Then we had other activities like, Commando Net, Flying Fox, Burma Bridge and Zorb Ball. These activities were very interesting and at the same time helped us to overcome fear. Kilbery trek was another activity that we thoroughly enjoyed. All these activities were fun but the best ones were yet to come- Rapling, Bouldering and Rock Climbing.

The next day we had these activities and it was great fun. We learnt a lot of things about mountaineering skills. Then was the time for city visit. We visited the zoo, enjoyed boat rides ,and also didn't forget to shop. We really had a great time in Nainital.

Finally, it was the time to depart and we headed towards Delhi, but our trip was not yet over. The Connaught Place in Delhi was the last place, we visited. We have a lot of beautiful memories to cherish about the trip. We would like to thank our teachers Amritesh Sir and Swagat Sir for accompanying us for this trip.

- Jay Maru and Mradul Parikh, Class 11

CYCLING TO PADMALAYA

Adventure is something which requires passion and will power. But apart from this the most important aspects are strength, endurance and physical fitness which comes through daily hard work.

On the 13th of March at six in the morning we started with our sports teacher Mr. Shivam on a 30 km long journey on our cycles to Padmalaya Hill.

Cycling in the morning and in such a good weather was a pleasant experience. However we knew that cycling up the hill wouldn't be an easy task. So we loaded our bags with bottles of mango juice and

snacks. At about 8.30 am we reached our destination that was the Bhimkund jungle. The temperature was a soaring 42°C. We pitched our tent and cooked food. We spend nearly five hours camping on the hill and returned with the same enthusiasm. This trek wouldn't have been successful without hard work put in by the team members.

After this adventurous cycling trip we are looking forward for another trip to Manodevi.

- Chaitanya Kare, Abhijeet and Ohm,
Class 11

Beauty of colours

A festival full of colours and enjoyment is Holi. This time, we attempted to celebrate holi in an eco friendly way. Anubhuti's organized a programme named "Hasya Kavi Sammelan" the program made us all singers, dancers and actors. Not only did the students become artists but the teachers too participated enthusiastically in the programme. The most interesting activity was the "Fish Pond". This fun game was all about a tricky way of teasing or praising our dear ones. We would like to thank U.V. Rao Sir, Harshil Sir, Ashok Sir and Shashikant Sir for organising the programme. The description of holi celebration would be incomplete without the mention of the sumptuous meal cooked by the class 9 girls under the guidance of Rini Akka and Dhiman Sir. Indeed, we had a gala time - full of fun, thrill, and enjoyment. An air of happiness surrounded the whole campus.

- Priyansh Karda, Class 11

Southern Memories

On 26th of February, we started for a 25 hours long train journey to Bangalore. The journey seemed very short as we were singing, dancing and enjoying on our way. Darshan's birthday added delight! The next day by 2 pm we reached the Bangalore station and boarded the buses from the railway station which took us to our hotel, DEW DROP. By three, we went for sightseeing. We saw the famous Botanical Garden and the Iscon Temple in Bangalore which was dedicated to Lord Krishna.

We started for Srirangapatnam the next morning. We reached there by noon and saw the historical city of Tipu Sultan. We saw the palace, the memorial and many personal belongings of Tipu Sultan. That evening we moved towards Mysore. By late in the evening we reached Mysore. We went to see the Brindavan Gardens which are famous for the light and dance show. We saw the waterfall and the dam at the garden. By seven we went to see the fountain light and dance show. Next morning we went to India's best zoo, Mysore zoo, which had many birds, anacondas, two Bengal tigers and many other animals. We did not

miss to see the giant African elephant and an ostrich. We then went towards the Mysore Palace. The beauty of the palace stole our hearts.

After having a delicious lunch we preceded towards Ooty. During our journey we listened to songs and watched movies. It took eight hours to reach Ooty. First in Ooty was street shopping which was followed by a treat at the Baskin Robbins. Dolphin Point, Cuboon Park, boating, haunted house and most enjoyable was the toy train which we thoroughly enjoyed. We also went to the south India's tallest mountain, DOTTA BETTA. After watching the scenery we had a spicy round of raw mangoes.

We started our return journey with lots of memories cherished in our minds. The 3rd of February our memorable trip came to an end as we entered our campus that evening. We would like to thank our teachers Shivam Sir and Harshil Sir for accompanying us and making this trip more enjoyable.

- Vedant Agrawal ,Kartikeya Lunavat and Sarthak Meshram, Class 9

The virtue of science

Today, the technology is so advanced that every information is at our fingertips. The credit goes to 'Science'. Science has changed the perspective of human. On the 6th of March, we celebrated Science Day in Anubhuti; this event was organized by the students of class 9, who were divided into groups based on their strengths. This fest was full of thrill and excitement. A quiz was conducted and five schools from the city were invited to participate. Being a part of the audience was a great fun. The schools presented their models to be exhibited and they were judged by Jain associates. With this the first half of the programme came to an end and everyone headed for lunch. After the sumptuous lunch, the students exhibited their models. The junior Einstein's of our school presented their simple models with interesting principles of science. Enthusiasm was in the air and everyone enjoyed the programme thoroughly. It was a great experience and we are thankful to the school for organizing such a fest.

- Priyesh Mutha and Pratham Vaidya, Class 9

Oceanography as a career

On the 21st of March, we had the pleasure of interacting with V.R. Ranjithwath, an Oceanographer. He told us about the profession and shared a lot of information about plate tectonics, eco system and rain patterns. He had prepared a case study on Konkan coast regions. His passion towards his oceanography projects inspired us. He also spoke to us about oceanography in terms of a career.

- Harsh Sao and Samyak Jain, Class 9

Kudos to Robotics team

Earlier in the month of August a robotics workshop was organised by an expert Mr. Abinay Gupta. A robotics competition was conducted in which the winners of the competition would get a chance to go to Mumbai. The result of the competition was declared last week and the team which consisted of Darshil, Siddharth, Harshil, Ishant and Shraman of Class 9 has been declared the winners and would be going to Mumbai.

- Shivam Agrawal and Darshil Shah, Class 9

Celebrating Republic day

Atul bhaubhai passing on Dadaji's message to the young champs of Anubhuti

Editorial

Why does it take a minute to say hello and forever to say goodbye?

Another magnificent year has come to an end. This has been one of the most dramatic years at Anubhuti. There were many incidents which left us with a bunch load of memories. Memories which were of different shades and colours. Some filled us with joy and the others made us to ponder upon.

This year began with a bang with Fresher's Day. Like every year there was a plethora of awaited celebrations. Time flew by with Teachers' Day, Navratri and other festivals. Founder's Day was a sublime event which left us spell bound. Days passed by but the incident which left us saddened was the demise of our beloved Dadaji. The air of enthusiasm at Anubhuti had come to a standstill. Though there is a sense of loss in us we believe that we will live by Dadaji's ideals.

We enjoyed playing Holi with words rather than with colours. Excursions rejuvenated us after exams and helped in developing a strong bond with friends. The time spent with our seniors has brought joy to all our hearts. But the thought of them leaving us brings a sense of loss in us. But deep in our hearts we know that they have to move on in life. As our Class 10th and Class 12th friends leave we wish them good luck. You will be missed though. "Adieu 2015-16"
